

# 地球科學

詞曲 劉永祺  
英文詞 李婉瑜  
2009.6.30

劃破天 隕石墜落 流向海面

5 大浪翻起 擾動洋流 隨風擺

9 地殼地貌 都在變 但是道理 千年不變

13 海嘯快速出現 黑洞吞沒光線 地震改變一切 我想

17 要了解 更多一點 讓我更深認識地球科學 我想

21 要了解 更多一點 讓我更知道世界改變 世界

25 不是你我為中心 其中藏有奧秘 我

29 想 了解 地球科學

Fall - ing stars — just drop down in-to the sea —

Chan-ging eve-ry land-scape that once use to be —

Tsu - na - mi that comes mad-ly — The black hole sucks in eve-ry - thing we see —

Eve-ry-thing is chang-ing And we got nothing to — win The world is shak-ing with sin We have to

learn — more a - bout the earth We live on it, let's get a-long well with it — We are

sen - sing — it's trans - for-ming While we're spin - ning a-round the li - ving It's

not just you and me in the world There are ma-ny things that we just have to re - spect It's

all a - bout — the sci - ence of earth
